Friday Night Free Skate June 2013

The Friday night free skate sessions have went well this term despite not having funding to help run these sessions from Dundee Partnership as we had in previous years. We have had 15 spaces for each week and have had a regular flow of kids coming along.

The Freeskite sessions are always a good night and allows us to spend quality time with the kids doing what they want to do. They can show off to us what they can do and we give them encouragement and praise so that they can feel good about themselves.

The community wardens have been coming along lately on the Friday night to have a chat with us and see what the kids get up to when they

are here. They have said what a difference it makes to the area having them come along here for free on the Friday as they are not hanging around the shops and parks causing a nuisance. This is good for us as it shows we are doing something good for the area.

All the young people have a great time while they are here and we have seen lots of new faces over the last few months. Recently the young people coming to these sessions seem to be getting younger and in many ways this is a good thing as it allows us to get to know the kids better and encourage them to come along to other things within the park, i.e coaching, homework club, and youth clubs.
