

Holiday Programme October 2013

The holiday programme for the two weeks in October was a great success. We had our coaching sessions in the morning and a variety of youth activities in the afternoon. 23 signed up for the first week and 28 for the second week.

The morning sessions went down well with many of the young people showing a good improvement by the end of the week and keen to show off their new skills. They all had lunch together before moving on to the afternoon sessions.

The afternoon sessions involved visits to the park for games. A visit to the Fun Factory and also Battlefield live. The popcorn was got out for a movie session and there were also a variety of activities in the youth room.
