

HOMWORK CLUB OCTOBER 2014

Our Homework Club continues to run 3 nights a week - Monday, Tuesday and Wednesday.

We follow our format of the young people spending 45 minutes on homework and rewarded with 45 minutes on the skatepark.

Attendances have been contrasting, with us operating at maximum capacity on Monday's and averaging 10 young people on the other two nights. We have had a number of new faces on all three nights but the majority had attended the homework club before this term.

There has been a lot of good work from older members of the group over the past 8 weeks. Not only have they been working well on their own homework but they've been eager to help younger members of the group finish their work as well. It is pleasing to see this mature attitude towards schoolwork and hopefully the younger members are taking on board how important it is to complete their work - there are signs that this is happening.

In the questionnaires filled out at the end of the term in relation to the question "What have you learned at

the homework club?" there were answers such as "To not distract other people when they are working" and "To do my work quietly". These comments came from two young boys who have in the past been slightly disruptive in the homework club which makes this particularly rewarding.
