

## SKATEJAM - PARK RELAUNCH DEC 14

In December for our 10th Anniversary in the current building and with the support of our funders we were able to proceed with the revamp of the Skatepark layout .

The new layout utilises the whole of the ground space allowing a continuous flow through the park. It has already proved to be popular with the regulars and enticed a few back to give it a go.

We celebrated the new layout with an official re-opening competition "Skate Jam" held on 21 December 2014, this event attracted 150 skaters from all over Scotland, over and above the spectators who came along. Alongside open sessions there were events specifically for inline skates, skateboards, scooters and

BMXs and each sport had a high level of standard. There were a huge number of prizes handed out throughout the day with almost everyone leaving with something.

The event was a great success and we look forward to hosting the next one.

We would like to thank the following for providing prizes:  
Ozzy's Stateside Skates  
Ison Distribution  
TKC Sales  
Loco Skates
