

FILM CLUB SPRING 2015

Film Club has run on Wednesday nights in February and March for 6 weeks.

The idea behind the club was for the young people attending to understand that there is more to films than the finished product that they watch in the cinema or on TV.

Each week followed the format of an hour of an activity, followed by the group watching a film in the following hour. An activity that fostered a lot of discussion was talking about the young peoples favourite films and why they enjoyed them so much. Another successful activity was when the young people were asked to design movie posters either for an existing film or one they made up themselves. This gave them the platform to be creative and there were some fantastic ideas brought up and artwork created.

There were 59 participations over the 6 weeks of the club which meant that we did not quite meet our target of 10 attendances per week.

However, we did meet our goal of over 75% of young people reporting that they enjoyed the film club with 86% of answers being yes and 14% of answers being no.

Therefore this looks to be a club that we would run again next year but maybe with a bit more advertising to boost the attendances figures with more young people getting involved.
