

## MGP UK SCOTLAND TOUR AUGUST 2015

On Friday 7<sup>th</sup> August we held a scooter event at the Factory Skatepark called the MGP UK Scotland Tour.

Five of the MGP Pro team are currently touring around the UK and stopping off at well know hot spots to catch up with their fans and filming for their new series along the way, of which we will be seen in episode 24.

We had the very well known Terry Price, Char Worthier, Archie Cole, Jamie Hull and all the way from Hungry, Bence Chlumetzky.

In attendance there were 136 people participating and over 40 spectators. The event ran from 4pm till 8pm with an hour long demo for the kids, an autograph signing, free giveaway and limbo scoot comp with a prize for the winner, this in particular was very amusing to watch.

The demonstrations kicked off the display and the stunts and tricks were amazing, the kids were all inspired and many were filming the action and taking photos. The event went on

without any hitches and was very popular with both participants and spectators.

To finish the day off, they held a limbo scoot comp, this is a two foot high scooter which you have to ride and limbo on, the winner of the comp was Brandon McLeish winning a brand new set of bars.

Overall this event was a great success.
