

## HOMWORK CLUBS WINTER 2015

Our Homework Clubs here at The Factory Skatepark run 3 nights a week.

Monday, Tuesday, and Wednesday from 4.30pm till 6pm is for primary school age, with another session on Tuesday evenings from 6pm till 7pm for those at secondary school. This allows us to accommodate for a wide age range on a weekly basis and provide support for a large number of young people.

We aim for 30 participations per week across the 4 sessions. In the Winter Term we had 253 attendances, 13 above our target for this term.

Homework Club is one of our most popular clubs with a large number of young people showing good attendance and not missing many weeks.

The Homework Club continues to follow the format of the young people spending 45 minutes on homework followed by 45 minutes of time in the skatepark arena. We have materials that fit in with the curriculum followed in the schools for those who do not have homework with them on a particular day and have computers and arts and crafts materials for projects that require extra assistance beyond young people being given a pen or pencil.

Whilst the Homework Club is open to all young people, due to educational attainment being at a low level in the DD4 8 area there is a continued need for the homework club to help young people from the age of 5 and throughout their school years in this part of Dundee.

The clubs are free due to funding we receive from Dundee Partnership and we are grateful for their continued support.
