Digital Music & DJ Workshop - June 2011

The Music and DJ club ran from the 30th of May for 5 weeks. During this time the youths worked on Rock Band, DJ Hero and Singstar. Each week they had the opportunity to improve on the skills they had developed from previous weeks. It is clear to see that the youths did develop as at the beginning of the course many of them had difficulty in mastering the controls for the consoles however by week 4 the majority of them were able to perform on the harder level.

It is important to note that the all of the youths stated that they

really enjoyed this club. With having the three different consoles and a mix of games we were able to keep them involved for the four sessions. The youth people all seemed to have a great time at their summer disco.
