Family Fun Day - June 2011

The Factory Skatepark held its 6th annual Fun-day on Saturday the 23rd of July. It was a warm sunny day and after a slow start there was a very good support from the local communities with about 1000 people attending.

The event was opened by a piper and there were many events and activities free including face painting, balloon modelling, bouncy castle, water slide sumo suits, pole jousting, bungee running as well as music bands. There were also information stalls from many organisations.

The Fire Brigade were very popular as they set up a fire hose and allowed young people to dress up in fireman's jacket and helmet and then use the

hose under supervision. The police were present and offered a bicycle security marking service.

A Youth Competition was run in the Skatepark on Saturday morning as part of the Fun-day and about 30 young people on scooters, boards and blades took part. This gave them an opportunity to show off their skills and those who were judged to be best on the day won prizes. All the participants enjoyed the event.

We would like to thank Dundee Partnership for their financial support of this event.
