

## Summer Holiday Programme 2011

We ran 4 weeks of holiday programme. The young people signed up for 1 week of coaching in the morning and after lunch there was a varied youth activities programme. Some of the places were sponsored by the Dundee Partnership which allowed young people from the local DD4 8 postcode are a greatly reduced rate of payment. There were a total of 53 young people who took part in one of these weeks. The afternoon events included visits to various locations for different activities.

### A trip to Broughty Ferry Beach

The young people loved. It was a shock to hear some of them had never played at Broughty Ferry

beach before. They swam, built sand castles and had a barbecue.

### A trip to Camperdown Park

They really enjoyed this and found plenty of things to do to keep them all happy. Some were even telling other kids in the park who they were here with and telling them to sign up for the next holiday program.

### A trip to Battlefield Live

They were all very excited about the event and only a small number of them had been before so it was a new experience for many of them. The excitement only increased upon arrival with many of them discussing tactics about how they were going to defeat the other team.

**A trip to Pirate Island Play Centre**

As the age group was quite young a visit to the play centre seemed a good idea and the young people really enjoyed themselves

**Magic show**

The young people were treated to a visit from Harry Mudini a local magician. They sat and watched him perform his show throughout which he would invite some of them up to help him perform tricks. The youths all said that they really enjoyed this as they had the opportunity to help him perform. This helped increase their confidence as they were up in front of their friends performing a trick. Once they had completed their trick it was clear to see that their self esteem had increased as they all

had smiling faces. Harry also showed the youths some of the secrets behind his tricks which allowed them to go and perform them for themselves

**Other Activities**

We also did a number of activities at the Skatepark including fun on the bouncy castle, sumo suit wrestling, computer games and a variety of other activities.

The young people enjoyed their week and the feedback for the parents was also very encouraging
